TIPS

- ✓ Read any written comments on the exam paper carefully – these will often be thoughts of your teacher encouraging/promoting you to do more
- ✓ Review your SMITH proforma – what is your teacher guiding you to do in their subject?
- ✓ When reflecting and setting personal targets avoid saying “I lost marks for not revising...” be specific and look at individual areas of the course
- ✓ Use DIRT time wisely. Improve exam questions using written teacher feedback on the paper and the SMITH proforma
- ✓ Use the exam board mark scheme when competing DIRT work. Ask your teacher for a copy if you do not have one.
- ✓ Ask your teachers for writing frames to help with structure
- ✓ Read a friends answer – peer teach each other
- ✓ Review your PLC – are the red areas still red? Tackle these areas first BUT not in the same way as last time. Revise in a new way!
