Gareth Morris Reports and Target Setting	Mr Morris presented the PPT Understanding our reports, which is available on the website. A full discussion followed that covered target setting at year 7, do we use CAT testing or SATS? Detailed how FFT data has now changed to being delivered in November and so SATS are now used. Questions were asked about how often setting is reviewed, it can be reviewed at any time, but particularly after a data drop. Feedback on the new report was that the new format was useful to parents.
